

Name _____

Mineral or not

IWBAT _____

Before you begin, write the names of each material. Then circle the ones you predict will be minerals.

Name of Material	Is this material found in nature?		Is this material inorganic?		Is this material and element or compound with a definite chemical composition?		Does this material have a crystalline structure?		Is this material a mineral? Only if you said "Yes" in every other box, can you check yes in this column.	
	Yes	No	Yes	No	Yes	No	Yes	No	Yes	No
